All –

Please find attached the latest versions of the draft responses to the SAB Chair's letters to the Administrator. I have included a "clean" version which accepts all changes and shows most of the comments have been resolved. I also included a version in "track changes" so people can see the extensive edits we have been making. These versions both include the latest information from OAQPS and OTAQ on their relevant actions and which the believe address concerns and comments received.

The next steps would be for our review and final edits to the letters, so please send me any feedback by COB Monday (today). We will then incorporate any last edits and clean up the letter to move forward promptly.
